Report on the recent battles fought by the forces of the martyr Ahmed Al-Abdo

In coordination between the Badia Sector and the Mountain Sector in Eastern Qalamoun, and after monitoring and observing the movements of ISIS in the Syrian Badia, the Martyr Ahmed Al-Abdo Forces launched several surprise attacks on important and sensitive sites of the terrorist ISIS organization.

At exactly 5:30 AM on Monday, 7/11/2016, our forces began the attack from the western sectors (Eastern Qalamoun) and the eastern sectors (Badiya) on several axes: Sis, Tal Makhoul, Risha Dam, and Al-Qatari Farm. During these clashes, violent clashes took place between our elements and the elements of the terrorist organization. Our forces were able to advance and inflict heavy losses on ISIS in terms of equipment and lives. More than 10 terrorists from the organization were killed, including two emirs, one of whom was an Iraqi immigrant and the other was Syrian. A tank was destroyed in Sis, a number of vehicles were destroyed and burned, and medium and individual weapons were seized. We obtained several documents and papers belonging to ISIS elements. The clashes continued until 5:00 PM, and our units are still tracking the remnants of the organization's elements, setting up ambushes, and tightening surveillance, fearing any possible reaction that ISIS might carry out.
